

FOR IMMEDIATE RELEASE

Synergy Marketplace Provides Entrepreneurs Opportunity to Showcase Their Businesses During Annual Conference

Synergy is excited to announce the Synergy Marketplace, an event designed to celebrate entrepreneurship, creativity, and economic empowerment among individuals receiving or eligible to receive DD services.

The Marketplace will take place on Wednesday, September 30, 2026, from 2:00 PM to 5:00 PM during the Synergy Exchange at the annual Synergy Conference.

The event provides participants with a free vendor table and registration for two representatives (during the Marketplace on Wednesday from 2-5pm only), creating an opportunity to market products and services, engage with customers, and build valuable connections.

"Entrepreneurship creates pathways to independence, self-determination, and community engagement," said Jeanne Stuntz. The Synergy Marketplace highlights the talents, creativity, and innovation of individuals who are selling or promoting their products or services."

Marketplace vendors may sell products onsite, display QR codes for online purchases, or utilize a combination of both methods.

The Marketplace is expected to feature a variety of products and services, including handmade goods, artwork, baked goods, apparel, specialty products, and professional services. [To learn more, check out our FAQs.](#)

About Synergy

Synergy is Ohio's premier conference focused on inclusion, innovation, and collaboration in the disability community. What makes it unique is that it brings together people with disabilities, families, providers, advocates, educators, employers, and policymakers as equal partners in the conversation. It's not just about sharing information—it's about building relationships, challenging assumptions, and creating new ideas that lead to better lives and stronger communities. [Learn More](#)
